GATE PRODUCT & ACCESSORIES CATALOG

ABOUT **US**

Garex Industries is a certified American Woman-Owned enterprise providing wholesale design, manufacture, and supply of hardware solutions to the Americas since 2013.

From concept and initial design, to mold manufacture and fabrication, all product development is based out of Istanbul and done internally by our dedicated design professionals and technicians. Beyond production, Garex extends its capabilities to logistics, inventory management, and shipping coordination, providing each client with superlative design to delivery service.

Garex is a family owned and operated company providing sales representation in the U.S. for our Istanbul-based manufacturing organization. Our experienced staff ensures the highest **QUALITY** solutions while focusing on increasing **PROFITABILITY** for all operations.

OUR CONNECTIONS

All of our products today are made in Istanbul and distributed through Garex directly to our clientele.
